Local Happenings.

Business was quite lively yesterday.

New cotton has now ceased to be a curiosity.

The grounds of the executive mansion have been laid off.

The country people take a delight in the electric cars.

Travel on the railways is now falling off considerably.

Mr. S. V. House is painting the buildings at Wake Forest college.

Prof. Chamberlain of the agricultural college, who has been quite sick, is out again.

The painters are now at work on the fronts of the stores of W. H. Hughes and Heller Bros.

Workmen are now putting up the engine and boiler at the agricultural and mechanical college.

Mr. Julius N. Driver died here yesterday of consumption of the bowels. His age was 33 years.

Mr. Hubert Royster, son of Dr. W. I. Royster, leaves to-day for the University of Pennsylvania, to study medicine.

The brackets to support the street car line trolley wire between St. Mary's and the exposition grounds are being put upon the poles.

Cards are out announcing the marriage of Rev. A. G. Buckner, of Cynthiana, Ky., and Miss Mary MacRae, of Laurinburg, N. C. next Tuesday.

It is well to remember that the last legislature shortened the bird-hunting period one month. It does not now begin until November 1st, and ends March 1st.

The following were yesterday appointed notaries public: John B. Kenney, Raleigh; J. C. Wilson, Elk Park, Mitchell county; W. S. Simmons, Pamlico county, N. C.

Rev. Father Francis, O. S. B., is in the city and will conduct services while here at the Church of the Sacred Heart. On Sunday services will be held at 11 a. m. and 5 p. m.

October 10 is the usual date for a killing frost in this section. Many persons believe frost will come earlier this season. Even as late as October 10th frost will do very great damage.

Our proof reader made a mistake in saying that Swindell was selling moquette and velvet carpets at 75 cents a yard. It should have been 85 cents. He advertised one bale of "hair rugs" and not "plain rugs."

Mr. W. A. Turk has sent the Messrs. Boylan some fine red foxes from Virginia. Five have been turned loose in order that they may breed. The red fox is fleet and of greater endurance than the gray fox found here.

B. F. Montague, Esq., of Raleigh, writes as follows to Mr. J. H. Mills: "I see from the organ of your institution (Charity and Children) that you need money. Herewith please find my check for five dollars, which will help some. I take many papers and yours for the purposes for which it is designed is second to none. You are doing a noble work; the result of which can be computed by Him who makes no mistakes."

The interior of the Raleigh Savings bank is being repainted and otherwise improved.

The Western North Carolina teacher's association meets at Bryson City, Swain county, October 29th.

The people of Charlotte are very hopeful that the Roanoke and Southern railway will strike that city.

To-morrow services will be held in the Baptist tabernacle. Good progress has been made in the alterations and improvements of the building.

The Sovereign Grand Lodge, I. O. O. F., meets at St. Louis on the 21st instant. The Deputy Grand Sire will preside in the absence of Grand Sire Charles M. Busbee.

Special meeting of the W. C. T. U. will be held at the residence of Dr. J. W. Carter this afternoon at 4 o'clock. Business of peculiar importance requires a prompt and full attendance.

It is said that while the exposition is well advertised in the newspapers all over the country very few of the lithographs are up. A gentleman just from Washington says he has seen none of them in that city.

It is said to be probable that the sidewalk in front of the Commercial and Farmers' bank will not be brought to grade. If this is true the owners of the property have made a grave mistake. The sidewalk there is now a regular stumbling block.

Several gentlemen, among them J. S. Mann, Esq., of New Berne, and Mr. Joseph E. Robinson, were here yesterday on business connected with the Atlantic and North Carolina railway. The usual annual contest as to the presidency of that line is in progress.

Julian S. Mann, Esq., who represented Hyde county in the last legislature, is in the city. He is the author of the oyster law which is occasioning so much controversy in Eastern North Carolina. He has recently located in Newbern to practice law, and the CHRONICLE predicts for him a bright future.

Mr. T. Norman Jones publishes a card to his friends and former patrons in to-day's CHRONICLE. He is now one of the proprietors of the Planters' warehouse in the progressive and busy town of Wilson.

Mr. Gill, who is in charge of Wake's exhibit at the exposition, is collecting some fine specimens. He will have two kinds of granite, one specimen of serpentine, (from Barton's Creek), one of copper, (from near Forestville), plumbago from two localities, and gold ore from near Cary. He will next week begin the arrangement of the exhibit.

The Wilmington Star says: "The board of trustees of the colored agricultural and mechanical college will meet in Raleigh on the 15th of October to take definite action upon the location of the college. They have propositions from Durham, Raleigh, Wilmington, Greensboro and Winston, ranging from 15 to 50 acres of land and from \$5,000 to \$15,000 in money.

The semi-annual meeting of the Life Insurance Association of the Carolinas will be held at Kenilworth Inn, Asheville, September 15. Besides the regular business there will be an address from Vice-President W. J. Roddey, and a report from the delegates who attended the recent meeting of the National Association at Detroit. Mr. H. B. Meigs, of Baltimore, will deliver an address, on the subject: "The Life Underwriter's Calling—the Magnitude of His Work, and His Moral Compensation." Messrs. C. M. Ransom, of Boston; G. F. D'utassy, of Baltimore; Alexander Harbison, of Hartford, and J. S. Carr, of Durham, are expected to be present and make addresses. In the evening a banquet will be given.

Prof. Pauli said yesterday that rapid sales of tickets to the exposition music festival are being made. Many orders for seats are coming in from other points in the State.

Repairs are in progress on one of the oldest, if not the oldest building in the city. It is on the West side of the capitol square, being No. 10, South Salisbury street. Next to it on the South is the oldest store in Raleigh. The residence is an example of what such used to be in Raleigh, having all the outbuildings just like a place in the country, and with the outhouses painted the dark red once so popular.

Raleigh has no firm that enjoys more fully the confidence of the city and surrounding country than the old and reliable and successful firm of J. J. Thomas & Co. Capt. Thomas has been in business here nearly twenty years and he has shown his wisdom and integrity. Mr. S. W. Brewer has been a member of the firm less than a year. He brought business capacity with him, and he makes a strong addition to the firm. Attention is called to the advertisement of this firm in to-day's CHRONICLE.

Raleigh people remember Mr. Fred. A. Jackson, son of the late Mr. W. E. V. Jackson. He now lives at Knoxville, Tennessee, and a fortnight since he had a lively encounter with burglars. He heard a noise in the dining-room of his house, and found two men packing up the silverware. He shot four times at the burglars, striking one in the side. He was shot at in return, the bullet grazing his head and stunning him. The burglars dropped all the property and sprang through a window.

FOLKS WHO TRAVEL.

Mr. James H. Holt, brother of Governor Holt, is here.

Miss Margie Busbee returned from Greensboro yesterday.

Miss Daisy Branson has returned from a visit to relatives in Rockingham county.

Miss Annie Saunders, who has been the guest of the Misses Cordon, left yesterday for her home in Texas.

Mrs. Marion Parker and Misses Annie Knight and Lillie Wheeler, of Wadesboro, are here and will remain until after the Exposition.

Editor John T. Britt, of the Oxford Public Ledger, was in the city yesterday. He is well known here and is always sure of a warm welcome.

Among yesterday's visitors were: John T. Britt, Oxford; Dr. J. M. O'Kelly and R. C. Council, Williams' Mills; T. L. Spence, Elizabeth; J. E. Stagg and George Gill.

Among the arrivals at the Yarbrough yesterday were: E. N. Overbaugh, Greensboro; J. B. Broadfoot, Fayetteville; J. N. Williamson, Jr., Graham; F. W. Winston, Oxford.

Important to Tobacco Growers.

The chief of the United States Weather Bureau is about to perfect a system of frost-warnings for the benefit of the tobacco growers in this State. The cold-wave flag (white flag, square, with black center) will be the frost warning symbol, and display stations will be established wherever a displayman (preferably a tobacco grower or some interested person) can be secured who will purchase or make his own flag and display it from a tall staff for the benefit of the community or section. Bulleting the information, utilizing the press, railroad wires, telephones, etc., will form part of the general plan of giving these warnings to the people of the several counties where tobacco is grown. The warnings will be sent by telegraph or telephone entirely at the expense of the government, and will be of great value to growers by giving them information of coming cold waves or frosts from 24 to 48 hours in advance, and enable them either

to take means of protecting the crops, or of cutting as may be most advisable. Tobacco growers or any other persons interested living near telegraph or telephone offices, who have a flag pole or will get one, and who wish to receive frost warnings, are requested to correspond with C. F. von Hermann, U. S. Weather Bureau, Raleigh, N. C. The cold wave flag may be purchased for \$1.50 from M. G. Copeland & Co., 409 Eleventh street, Washington, D. C. (six feet square, standard bunting). In cases where parties cannot afford to purchase flags they may be furnished by this office. The co-operation of every one interested is earnestly desired in order to make the system a complete success.

A Prohibition Conference in Wake.

A postal card containing the following request has been sent out to a number of prohibitionists in the county:

RALEIGH, N. C., Sept. 9. There will be a Conference of the Prohibitionists of Wake county, who will support the Prohibition Party in 1892, for the purpose of effecting a more perfect organization of the county and to discuss matters pertaining to party work, in the Court House in Raleigh, on Friday Sept. 25th, 1891, at 10 o'clock a. m. Come and bring all your neighbors who are favorable to the cause.

By order of Co. Ex. COMMITTEE.

Special Notices.

Hard Labor for Life.

You would feel awful bad if you were sent up at hard labor for life. Well there is several ways of being doomed to hard labor for life. If you do not take advantages which are offered to save money you will never get any wealth ahead. Then you must plod along like an ox, never accomplishing anything. Swindell is offering goods at prices much lower than anyone else, and if you are wise you will take advantage and buy your goods at Swindell's.

We are selling nice carpets for very little money, and dress goods in the best qualities for a very small price, and shoes at prices not found elsewhere, and clothing way down.

Visit Swindell's by all means, 206 Fayetteville St., Raleigh, N. C. Respectfully,
D. T. SWINDELL.

"Ho-Mi Tea."

One of the best teas sold. Pounds, halves and quarter packages at 60 cents per pound.

EBERHARDT & PESCUD.

Moquette and Velvet Carpets

Can now be had at Swindell's to-day and Monday at 85 cents a yard.

Swindell's Millinery Now Open.

We are prepared to serve you in millinery goods. None but competent milliners are employed, at SWINDELL'S.

STENOGRAPHER AND TYPE-WRITER.

A young man who understands stenography and typewriting, and who has had some experience, desires a situation. He expects only a small salary at first. Address:
9.11-tf. "STENOGRAPHER,"
Care CHRONICLE.

PLANTERS' - WAREHOUSE,

Wilson, N. C.

TO MY FORMER PATRONS AND THE FARMERS GENERALLY;

Having moved from Raleigh to Wilson, N. C., I am prepared to have you give me your patronage. The warehouse which we have charge of is one of the largest in the State. Every facility we have for dealing in leaf tobacco. There are a large number of buyers here, with a dozen prize houses. The buyers have large orders to fill and will give you satisfactory prices for your crop. The business men of Wilson give their hearty support in making the place a fine tobacco market, which, in itself, enables me to do better for you than ever before. We are much encouraged, for the sales daily have been beyond our most sanguine expectations thus early in the season.

Hoping for a continuation of your trade, which will always have careful attention.

I am respectfully,
T. N. JONES,
Of ANDERSON, JONES & CO.

A Fearful Epidemic

of any contagious disease naturally causes great demoralization among the people. The cold waves and heavy fogs that suddenly visit or drop down upon the mountain heights this season of the year also naturally cause great dissatisfaction among visitors to "The Land of the Sky." It is too early, however, for them to return to the lowlands, for as during the prevalence

Of Yellow Fever

in a city the inhabitants seek some haven of refuge from its dire attacks, so should everyone avoid the attacks of malaria that now floats upon every breeze in various sections of our Southland. Therefore to escape the discomforts of the one and exposure to the other, they should go to Cleveland Springs, where the climate is not only most delightful, but there are mineral waters, that have been tested by thousands during the last few months with satisfactory results, both to those seeking restoration to health and to those whose systems needed building up. It would be advisable to subject yourself to the renovating effects of these waters before settling down for the winter. Terms of board during September and October will be \$10 per week; \$30 per month. For further information, address
J. B. WILKINSON,
Prop'r Cleveland Springs,
Shelby, N. C.
